EXCLUSIVELY FOR UNITED ROAD OO'S

Since 1983, NTP® has provided coverage for major equipment failure on engine, aftertreatment, turbo's, injectors, transmission, water pumps and more. Having coverage when equipment fails gives you peace of mind that NTP will take care of covered repairs so you're back on the road quickly and safely.

An Affordable and Smart Way to Protect Your Business

The NTP *PREFERRED* warranty is affordable and easy to manage. You choose the program that's best for you and the premiums are deducted each month from your settlement or pay each month. So for as little as about \$30/month you can protect your business, your livelihood, from an unexpected equipment failure that could cost you thousands of out of pocket dollars to make those repairs. So, don't take that risk. Pick the program that's right for you and drive with peace of mind.

BENEFITS OF INVESTING IN AN NTP WARRANTY:

- **Peace of Mind:** If you bought the coverage, you're covered.
- **Financial Protection:** Expensive repairs don't have to come out of your pocket.
- **Essential Coverage:** Know that major equipment is covered when failure occurs.
- **We Pay Claims:** If you're covered, we'll pay for the repair. In fact, we pay tens of millions of dollars in claims every year.
- **Reliable Customer Service:** Call, email or use your online portal for questions or to submit claims.
